

List of healthcare workers killed by Israel attacks on Palestine since October 7, 2023

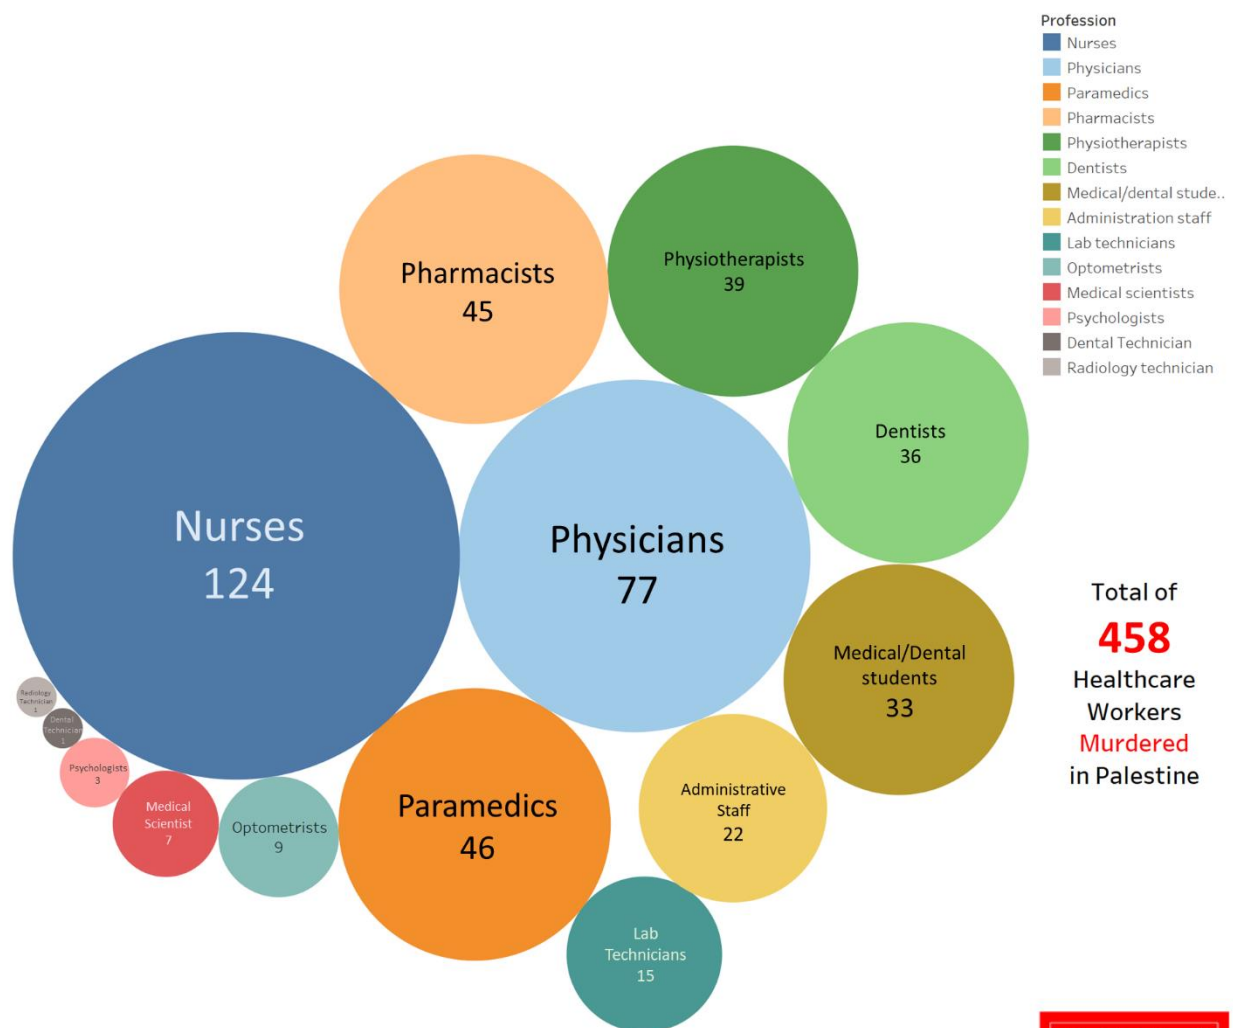

March 11, 2024 Update

Healthcare Workers Watch – Palestine

Healthcare Workers Watch – Palestine is an initiative by Palestinian healthcare workers to monitor and spotlight the attacks against healthcare facilities and healthcare workers all over Palestine. We aim to fill in the reporting and documenting gap due to the collapse of the Palestinian healthcare system.

We collect our data independently through “social media listening”, mainly from social media accounts - that we verify- of relatives and colleagues of victims mourning them. We also double-check reports from the Palestinian Ministry of Health, hospitals’ social media platforms, healthcare workers' relevant associations' websites, and local media agencies.
