

# Detention of Healthcare Workers by Israeli Occupation Forces in Palestine since October 7, 2023

May 10, 2024 Update

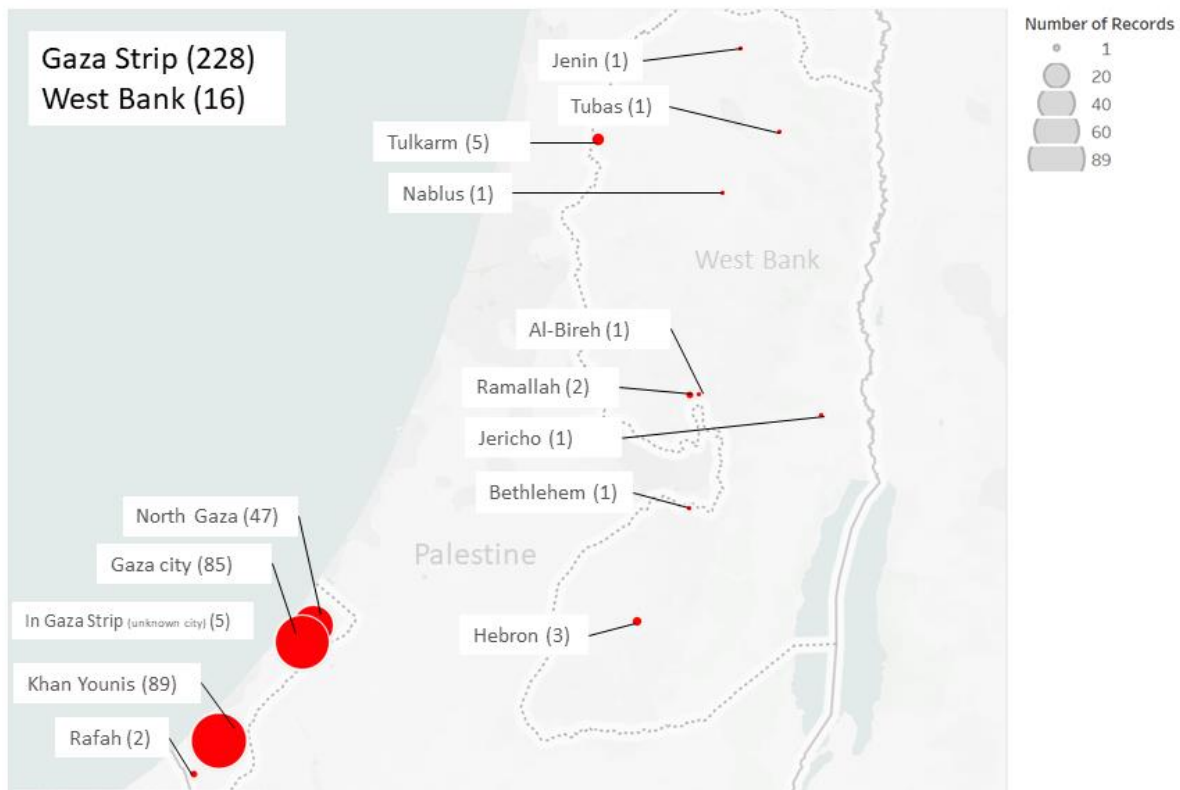

Healthcare Workers Watch – Palestine

Healthcare Workers Watch – Palestine is an initiative by Palestinian healthcare workers to monitor and spotlight the attacks against healthcare facilities and healthcare workers all over Palestine. We aim to fill in the reporting and documenting gap due to the collapse of the Palestinian healthcare system.

We collect our data independently through “social media listening”, mainly from social media accounts - that we verify- of relatives and colleagues of victims. We also double-check reports from the Palestinian Ministry of Health, hospitals’ social media platforms, healthcare workers’ relevant associations’ websites, and local media agencies. We make sure to get continuous updates from families of detained healthcare workers, and hear from the healthcare workers themselves once released. At this point, for the safety of the released ones, we share these testimonies to the concerned organisations after anonymisation. For more extended data or inquiries, please contact us through email.
